

Infästning med plastexpander  
Fitting with plastic expander

Sätt expander med skruv i hålet  
Put the expander with screw into the hole

Tryck ner plastexpandern i botten  
och ta bort skruven

Make sure the expander is all the way down.  
Remove the screw.

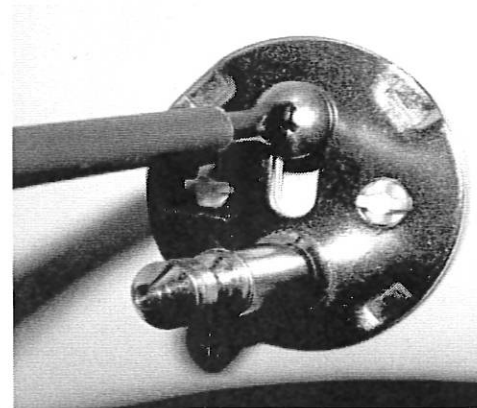

Justera in piggen mot hålen  
i WC locket. Centrera skruven  
och dra åt hårt.

Fit the spike against the hole in the seat cover.  
Put the screw in the centre and screw tight.

Justera mot porlinsskålen  
Adjust against the bowl

Efter en tid's användning kan skruven  
behöva efterdragas  
After some times using you may need  
to tighten the screw.
